

- Our mission is to help children reach their potential through professionally supported, one to one relationships.
- Our vision is to provide successful mentoring relationships for all children who need and want them, contributing to brighter futures, better schools, and stronger communities for all.
- Our goal is for Big Brothers Big Sisters to be the organization of choice for youth mentoring, corporate and community partnering, fundraising, staff and board membership.
- Safety is the most important service we provide for our Bigs and Littles. Our professional staff provides extensive screening, ongoing mentoring and match support.

In the 70's we were known as Big Brothers of Vineland, serving boys referred by family court and mentored by lawyers, police officers, doctors, and prominent business professionals.

In 1982 we became Big Brothers Big Sisters of Cumberland County, serving boys and girls, ages 7 through 18, throughout Cumberland County that were primarily referred by a relative or teacher.

In 2005 our service area expanded to include Salem County.

In 2006, 338 children had a Big Brother or Big Sister while 111 children continued to wait for their Big.

We have a **goal of serving 750 youth** in a one to one relationship annually by 2010.

"Littles" in our program come from diverse racial, cultural and economic demographics and **more than 50% of our Littles are males.**

Our Bigs are as diverse as our Littles and range from high school students to senior citizens.

Community Based is our traditional one to one mentoring program that followed the model established in 1904. The primary reason for enrollment in this program is to **establish a friendship for a child with a volunteer** who can provide consistent support.

In December 2004, **Mentoring Children of Prisoners Program** was launched. This unique one to one mentoring program pairs adult volunteers with children who are growing up with a parent in prison.

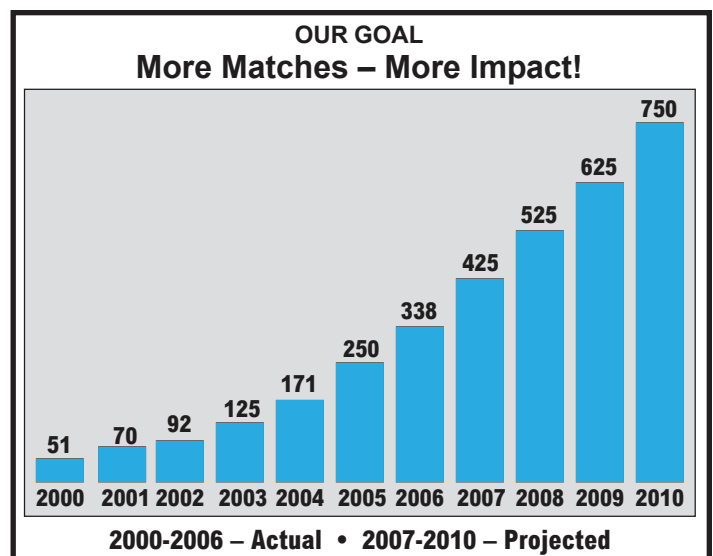

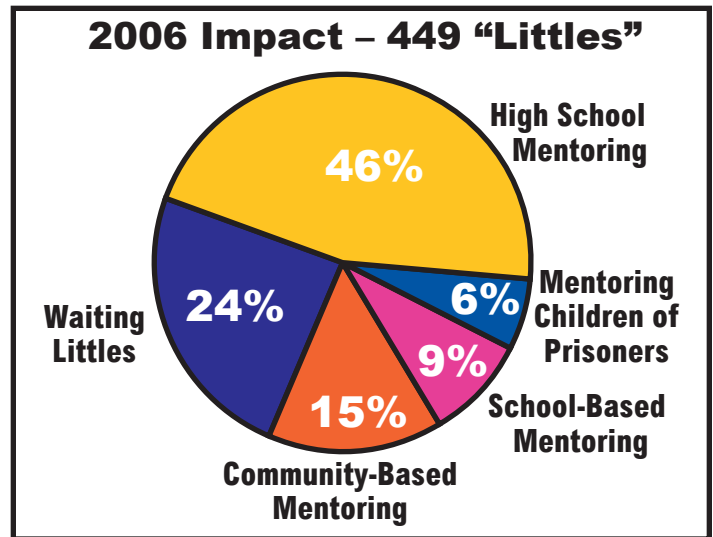

Since 1995, **High School and School-Based Programs** have grown from one school to 20 schools throughout Cumberland and Salem Counties. This program allows adults and high school students to visit the elementary school students on a weekly basis.

With the combination of the human spirit to give as a volunteer and the Big Brothers Big Sisters trademark approach to extensively screened and supervised mentoring, **each one to one relationship has the potential to last as a Big Brothers Big Sisters supervised and supported relationship until the Little graduates from high school.**

Numerous research studies show that BBBS mentoring has a significant and measurable positive impact on the lives of youth. **Children matched with a Big Brother or Big Sister are less likely to take illegal drugs, start drinking alcohol, skip school, or exhibit violent behavior.**

You May Have What We Need to Make Magic!

OUR WISHLIST

- Sponsors and in-kind donations for activities
- Small photo albums, scrap booking materials and disposable cameras for matches to capture their “magic”
